Possible Perjury Action

Senate Group Gives Justice Department Chance for Charge Against Ed Dixon

WASHINGTON (AP)—A Senate subcommittee investigating the Dixon-Yates power contract today referred to the Justice Department for possible perjury action what Sen. Kefauver (D-Tenn.) called "glaring conflicts" in testimony by Edgar H. Dixon.

Dixon's attorney, Daniel James, told Kefauver:

"Senator, I resent that statement that there were glaring conflicts. His testimony has been consistent throughout."

Kefauver said there were conflicts in the testimony of Dixon, one of the principals in the controversial, now-cancelled contract, before the Securities and Exchange Commission and the Senate subcommittee, particularly with reference to activities of Adolphe Wenzell.

He said there also was diametrically opposed testimony from Dixon and Wenzell, former Budget Bureau consultant on Dixon-Yates. Wenzell's first Boston Corp. became the financial agent for Dixon-Yates.

Sen. Langer (R-ND) put through a motion to refer all the testimony to the Justice Department.

The Dixon-Yates contract with the Atomic Energy commission called for construction of a 107 million power plant at West Memphis, Ark., to replace power the Tennessee Valley Authority supplies to AEC. President Eisenhower ordered it canceled in June after the City of Memphis, which has been relying on TVA power, decided to build a power plant of its own.

Ranks Thin But Congress Continues On

WASHINGTON (AP)—A dwindling band of Congress members makes another try today at winding up the 1955 session but formidable barriers still stand in the way of adjournment.

Wary leaders hoped to quit by late tonight. But many hours of talk and several key votes remained. The session could run on through tomorrow or even Thursday.

Meanwhile, more senators and representatives were leaving for home, for Europe or on other trips long planned in anticipation of a July 30 adjournment.

It appeared that in the Senate the Democrats might have lost their voting majority, which rests on only two votes with all members present. On a key vote last night, won by Republicans, there were 37 GOP senators and 33 Democrats on hand.

The Senate met last night until 11:30. The House, with its calendar at last in better shape than the Senate, quit at 6:11 p.m.

The big fight remaining in the House involves the housing bill, most important piece of legislation left with any chance of enactment.

The Senate still has battles in prospect over two nominations and a sugar bill, and must decide how to settle an almost unprecedented row with the other branch over a housekeeping matter—raises for legislative employees.

Conferees agreed on the housing measure yesterday afternoon over House GOP objections and the Senate promptly passed the compromise.

But some House Republicans predicted that with help from Southern Democrats they would return it to conference today over the perennial issue of public housing.

The Weather

It rained last night, but few people were fast enough to spot the drops actually falling. It was, to put it mildly, a short operation. More clouds today, but they look lazy, too.

Generally fair with little change in temperature tonight and Wednesday. Low tonight in lower 70s, and high Wednesday 90-95.

The temperature at 7 a.m., a.m., was 76; 96 at 1 p.m., and 97 at 2 p.m.

The temperature one year ago today, high 89, low 64, with .88 inch of rain; two years ago, high 100, low 75; and three years ago, high 89, low 66.

Verbal Attack at U. S.—

South Korea Renews Intentions of Attack Since Armistice Agreement Not Enforced

SEOUL (AP)—The South Korean government proclaimed its intention today to "restore authority" over a small but strategic area south of the 38th Parallel which the Reds occupied while the armistice was being negotiated.

It did not say how or when it would recover the territory, but said it was necessary for the defense of Seoul and quoted intelligence reports that a "full-scale attack is imminent" from the north.

It charged the attack "was prepared for" by a North Korean build up contrary to armistice terms "while the United States and the United Nations were preoccupied with a peace at any cost movement."

In a bitterly worded statement the ROK government said the Reds have again achieved superiority over ROK forces and "may feel tempted to utilize this opportunity resulting from the 'relaxation of world tension.'"

It demanded abolition of the Neutral Nations Supervisory Commission and charged Secretary of State John Foster Dulles with having promised to "settle this question" within three months after the 1953 armistice.

"... But the United States seems to be unable to settle the question for us, and for them selves," complained the ROK statement.

"This government has no other course but to deal with the Communists directly with the hope that the Communists, realizing their

Soviet Farmers Would Proceed To Other Places

WASHINGTON (AP)—The Soviet farm delegation now visiting the United States took steps today to broaden its visit to Canada and Mexico.

Vladimir Matskevich, head of the group, flew to Washington from the Midwest, where the Russians have been touring, to be on hand to help make arrangements for any extension that may develop. With him was Georgi Eshshakov, head of the Washington bureau of the Soviet news agency Tass.

The Canadian Embassy said however, it had received no application from Matskevich. Officials quickly added that there was no objection to having the Russians visit Canada to watch the wheat harvest, which starts in about three weeks.

Canadian Embassy officials said entry permits could be issued as quickly as necessary.

Counting Is Held Up—

Very Light Urban Plan Vote Puts Fate In Hands of Few

An anticipated flood of voters to the polls today began with nothing more than a trickle and is lagging along up to 2:30 p.m. today. Reports from various precincts over the city indicate one of the lightest early votes in the city on a bond issue.

Judges at many of the precincts reported the below normal voting up until the noon hour, with a slight spurge between 12 and 1 p.m. and then another drop.

Backers of the Urban Plan for the \$250,000 bond issue have workers busy on the telephones endeavoring to interest voters to get out and vote, while the group opposing the plan are using the same method in trying to get out the vote.

"We have found a great indifference on the part of the voters,"

violation of the armistice terms, will quietly withdraw from this sacred land of ours," the statement concluded.

The land claimed by the ROKs

Satellites And Sateiloids Are Big Talk Topics

COPENHAGEN, Denmark (AP)—Satellite and sateiloid were the major words in conversation today at the Sixth International Astronautical Congress.

Scientists from 18 countries attending the meeting of persons interested in space travel praised the initiative of the United States in planning an earth satellite project. And some of them made it known they believed sateiloid planning is the next major step.

A satellite, they explained to the uninformed, would be a body cruising around the earth at an altitude of about 250 miles. A sateiloid would be remote-controlled, travel higher and eventually visit other planets.

The experts in such matters say the chances are that the first spaceman to leave the earth will travel by sateiloid.

Formal working sessions for the astronauts begin tomorrow after two days of preparatory work. The preliminary meetings have been private but it was learned that Kraft A. Ehrliche, design specialist of the Convair guided missile group at San Diego, Calif., will talk on sateiloids tomorrow. Some observers said his lecture could be the most important of the congress.

Record Swimmer Collapses During Futile Attempt

NEW MADRID, Mo. (AP)—Antonio Abertondo, Argentine long distance swimmer, was pulled unconscious from the Mississippi River early today, defeated in his second effort to swim non-stop some 300 miles down the river.

Members of a party that accompanied him in a boat said the 37-year-old South American was bleeding and his body covered with fish bites when he was hauled out of the water about 14 miles above New Madrid.

He regained consciousness after he was brought to a New Madrid hotel.

Abertondo had covered approximately 221 miles and had been in the water 65 hours and 17 minutes since diving in at St. Louis at 9:43 a.m. Saturday.

Hughesville Youth Drowns In Lake Mon.

12-Year-Old Boy Was Attending A Baptist Camp

Charles Corson, 12, son of Mr. and Mrs. Charlie Corson of Hughesville, drowned at approximately 3:30 p.m. at the Harmony Baptist Association camp grounds located on the Lake of the Ozarks near Rocky Mount, Mo., while attending a Baptist youth camp. The body of the boy was recovered about 5:30 p.m. by David Hall and David Sheridan, of Sedalia, who are life guards.

The Morgan County Sheriff, Corine Woods of Versailles, and the Miller County coroner, Gene Bartrum of Eldon were called and went immediately to the scene along with the Kidwell ambulance and respirator.

It is the belief of those in charge the boy apparently had returned to swim following the camp-prescribed time. However, it was not definitely stated as to whether he had left the swimming area when the boys time for swimming was up or had drowned during that period. He was reported missing after the girls period for swimming had ended.

Camp regulations are for the boys to go swimming first and following their time and after the boys have returned to the camp site the girls take a swim period. His disappearance was noted after the girls had reported back to camp along with the life guards and adult members of the group.

It was the opinion of some that the boy had left the swimming area when the boys departed and after the girls left, returned for another swim in the lake after all life guards and adults were away from the area.

After an extensive search of the swimming area, life guards, Hall and Sheridan, recovered the body. It was found in approximately the same place the boys had been swimming earlier in the day, diving for bottle caps.

The body was first taken to the Phillips Funeral Home in Eldon.

The boy's parents, Mr. and Mrs. Corson were notified Monday evening by the Rev. H. W. Chaney, the camp director; Rev. Leroy Eldridge, his pastor; and Miss Pauline Chamberlin, Hughesville Baptist worker.

His father is an upholsterer at the Missouri Pacific shops here.

An investigation of the drowning was made by the Morgan County sheriff and the Miller County coroner.

Survivors include his parents of the home; three sisters, Georgia, Daisy Ann, Deborah, all of the home; and his grandmother, Mrs. J. S. Driscoll, of the home.

Charles Corson was born at Sedalia, January 31, 1943, son of Charles T. and Anna Belle Estes Corson. The family have resided in Hughesville and Charles had completed the fifth grade in the Hughesville schools.

Funeral services will be held at the Hughesville Baptist Church at 2:00 p.m. Wednesday.

The Rev. Leroy Elsherry, pastor, will officiate.

Palbearers will be Paul Wiseman, Sam Phillips, Avery Street, Ray Curtis, Harry Hoover and Ed Shelby.

Burial will be in the High Point Cemetery.

The body will be at the Ewing Funeral Home Monday night where it will remain until the hour of the service.

Housing Measure Passed

Ike Is Not Pleased With Several Parts Of Public Housing Bill Sent by House

WASHINGTON (AP)—The House today passed and sent to President Eisenhower a housing bill unsatisfactory to him in several respects. GOP leaders intimated he might veto it and call a special session of Congress.

A roll call vote of 187-168 sent the bill to the White House.

The bill was supported by 153 Democrats and 34 Republicans. It was opposed by 37 Democrats and 131 Republicans.

Just before the vote, Republican Leader Martin (Mass.) said a special session of Congress may be necessary to get a housing bill satisfactory to the President.

And Housing Administrator Albert Cole declared the bill "totally distorts the principles and purposes of the administration's objectives."

The bill calls for 45,000 new public housing units on a one-year program. Cole said "we are not willing to compromise" and wanted at least 70,000 units in a two-year program.

Eisenhower's views were given to Republican leaders at their forenoon weekly conference with the President.

Leaving the White House after this session, Martin said the bill was "administratively wrong" and not satisfactory to the administration.

"The President intimated," Martin said, "that there might have to be a special session if we did not give him a public housing bill."

The conference report which the Senate accepted provides for 45,000 public housing units for one year, an additional 100,000 units in the military housing program, a new 500 million dollar program of slum clearance and extension of various other housing activities including a four billion dollar increase in mortgage insurance authority.

When the House Republican leader was asked what is wrong administratively the White House Press Secretary James C. Hagerty broke in to mention provisions for insurance of trailer camps, and federal money for such local projects as sewers and police and fire departments.

Formosan Parliament Won't Take Decisions

TAIPEI, Formosa (AP)—The Legislative Yuan (Parliament) Foreign Affairs Committee declared today Nationalist China would not recognize any decisions affecting her interest that might be reached in the U. S. talks with the Red China at Geneva.

The committee issued its statement after hearing a background report by Foreign Minister George Yeh at a closed session.

The committee statement said the United States was obliged, under its mutual defense treaty with Nationalist China, to try to halt the march of communism and, under the treaty, should not talk with the Chinese Reds.

Pass Thirteen Ordinances—

City Council In Effort To Stop 'Bootleg' Cigarettes In Sedalia

By D. Kelly Scruton

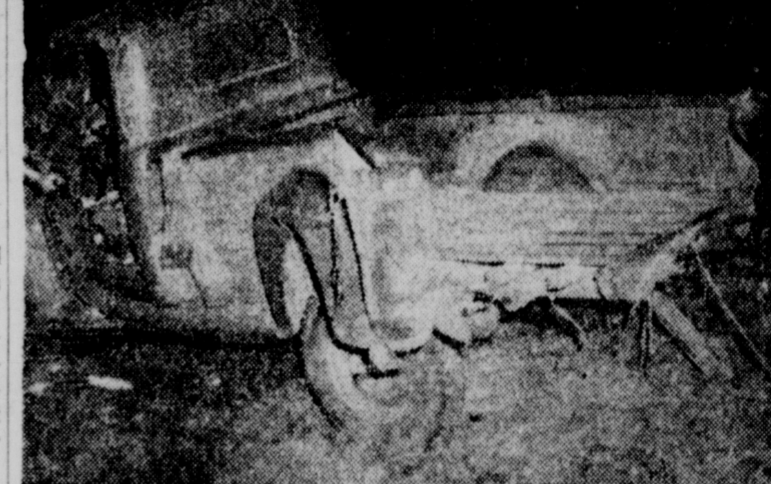

An attempt to curtail "bootlegging" of cigarettes in Sedalia is being made by the City Council which at its regular meeting Monday night repealed a portion of Sedalia's occupational tax structure, and by ordinance voted in a new section covering the collection of tax on cigarettes. The council also passed an ordinance which will regulate vehicles transporting inflammable and explosive merchandise.

A section of the ordinance on cigarette tax whereby a merchant could purchase tax stamps to be placed on cigarettes, has now been changed whereby the cigarettes must be stamped prior to being sold to the merchants for resale. In other words, the cigarette tax will be collected by the wholesaler, who in turn will collect it from the merchants, thus stopping a possible attempt by a merchant to "bootleg" untaxed cigarettes.

The purpose of the ordinance regulating the transportation of inflammable and explosive merchandise is to curtail large gasoline

Roy Witherspoon, 26, Sedalia Air Force Base, shown at the top after it had crashed into a telegraph pole snapping it off, following a collision with a 1950 Ford pickup truck, lower, driven by Heinie Muglack, Mokane, Mo., about 4:15 a.m. Tuesday. Two Vehicles Smashed Up In Accident

Drivers of two motor vehicles, which collided about a mile west of Dresden on Highway 50 about 4:15 a.m. Tuesday, suffered minor injuries, while damage to the cars was extensive.

Sgt. Roy Witherspoon, 26, of the 340th Supply Squadron, Sedalia Air Force Base, was the driver of a 1951 Mercury two-door sedan which ran into the rear of a 1950 Ford pickup truck driven by Heinie Muglack, 60, of Mokane, Mo. Both men were taken to hospitals. Sgt. Witherspoon to the SFAF hospital by passing airmen, while Muglack was rushed to the Bothwell Hospital in the Ewing ambulance.

Witherspoon suffered a nose injury and complained of chest hurts. His condition was not considered serious according to information from the base hospital.

Muglack was treated at the Bothwell hospital by Dr. Edwards. He suffered bruises of the left side and a laceration behind the left ear. He remained at the hospital until shortly before noon when he was dismissed.

According to Muglack, he was driving about 35 miles an hour headed west on Highway 50 en route to Hickman Mills, Mo., to visit a daughter. He said he suddenly felt the back end of his truck raise into the air and he was unable to control the machine and it shot to the right off of the highway and down a slight ditch where the left front wheel smashed into the ground and the machine came to a sudden stop, throwing him out on the ground.

Witherspoon was knocked unconscious when his car swerved from the highway and smashed into a telephone-telegraph pole along the Missouri Pacific right-of-way. The pole was snapped in two and the front end of the Mercury was demolished.

Senator George Ponders Return To Senate Seat

WASHINGTON (AP)—Sen. George (D-Ga.) has told friends he is not interested in any State Department post and has indicated he will run for the Senate again next year.

George, 77-year-old chairman of the Senate Foreign Relations Committee, heads home today for a vacation and an assessment of a Georgia political situation in which he may be challenged for renomination by former Gov. Herman Talmadge. George has been in the Senate since Nov. 8, 1922, longer than any other present member. Asked if he intends to announce formally for re-election he told reporters "I expect I'll be running again, but I haven't made any final decision." Earlier, in an emotional farewell to his colleagues, George said, "I hope I shall come back."

There are clear indications that Secretary of State Dulles would welcome George as an adviser if the veteran senator decided to retire from office. But some of George's associates said he had told them he was "not interested" in such a position.

Some of his colleagues made it clear that if he had anything to say about it Georgia would send him back for another six-year term.

Hot Week Forecast

KANSAS CITY (AP)—Missourians can look for temperatures two to eight degrees above normal the rest of this week, the weather bureau said today.

The outlook for rain is slim, although there may be light amounts in southwestern Missouri.

Temperatures continued hot yesterday and today began the same way, despite slightly cooler weather at many points during the night. Overnight readings ranged from 69 at Butler to 78 at St. Louis.

Resists Chinese Threats

Dulles Says America To Try to Get China To Renounce Using Force to Get Aims

WASHINGTON (AP)—Secretary of State Dulles said today the United States hopes eventually to obtain from Red China a declaration renouncing the use of force.

Dulles told a news conference such a broad commitment by the Chinese Reds would clear the way for extensive negotiations on major problems between them and other countries, including the United States.

He said the United States will not negotiate with a pistol at its head.

And the most important thing now, he added, is that the pistol should be permanently discarded.

Events, including the release of 11 American airmen by the Reds, appear to be moving in the direction of a peaceful Chinese policy, Dulles said.

What seem to be signs of change might be misleading, the secretary continued.

But he declared that developments including release of the fliers, new talks with the Chinese Reds at Geneva and a recent speech by Premier Chou En-lai of Red China, may mark the beginning of a new phase in Chinese Communist relations with the rest of the world.

Twins Receive Hearing For Parole Mon.

SPRINGFIELD, Mo. (AP)—The Finn twins, federal prisoners who recently ended a hunger strike, have received a parole hearing.

This was disclosed last night by Dr. Ivan W. Steele, warden of the U. S. Medical Center for federal prisoners.

The twins, George and Charles, 41, of Los Angeles, are serving a year's sentence for interfering with a federal officer in their "citizen's arrest" of U. S. Atty. Laughlin Waters during a lengthy legal dispute over ownership of a war surplus airplane.

Dr. Steele said the twins "did not request the hearing but the Center put" them up for parole. Steele would not comment on when the hearing was held but said a member of the U. S. Parole Board from Washington conducted the action. No decision on the hearing is expected for two to three weeks, he added.

The "citizen's arrest" occurred Jan. 21, 1954. The twins said they made the arrest on the grounds that Waters had violated their constitutional rights in seizing and holding the surplus C46 plane they had bought from a Bakersfield, Calif., school district. The government contended the purchase was illegal.

In a later civil suit, Federal Judge William C. Mathes ruled the plane belonged to the twins.

The former World War II pilots were booked at the Medical Center last April 22 and immediately went on a hunger strike in an effort to gain freedom. It was announced on July 7 the twins had broken their hunger strike.

Tax Report Stories May Be Profitable

JEFFERSON CITY (AP)—Missouri may pocket some real money as a result of newspaper stories last week that the Department of Revenue plans a campaign against short sales tax reports.

M. E. Morris, director of the department, said today the story caught one St. Louis County business by surprise. He said the firm never had been suspect for reporting lower sales tax collections than actually were received by the company.

But the other day a St. Louis County politician approached Morris and opened negotiations for "straightening out" the firm's accounts.

The regular Wednesday noon devotional will be held at the Pacific Room, Aug. 3, at 12 o'clock. The speaker will be the Rev. John Kelly.

City Council
(Continued from Page One)

The Council to purchase 2,000 tons of chip rock used in seal coating by the street and alley department. The request was authorized.

A letter was read by Councilman James Shaw from Virgil Herrick asking permission of the City Council to connect with the water line leading to the Sedalia Memorial Airport for the Eastview Tavern on Highway 50, and furnishing his own water meter. The request was granted.

Councilman Shaw then spoke briefly on the sidewalk condition around the City Hall, also the driveway entrances to the city scale house on Kentucky, and suggested necessary repairs be made, especially at the scale house, because Kentucky is blacktopped. The Council voted to make all the necessary repairs and improvements.

A report from Chief of Police Edgar Neighbors and Judge R. L. Weinrich was read on police court fines for July. The fines totaled \$2,804.75.

Two beer licenses were approved, one for 3.2 beer at Curley's Hamburger Inn, 109 South Grand, and Ernie's Drive Inn, 16th and Ohio, for 5 per cent beer.

A resolution was voted for paving Tenth from Warren to Limit with a rock base to be primed and seal coated, after which an ordinance was read for the first time on the project. Other ordinances read for the first time were: awarding the contract for a sewer in District 115 to J. W. Atkinson Construction Co., for \$2,498 (the next bid was V. A. Siegel and Sons, \$2,613, and the engineer's estimate was \$2,761.50); letting the contract for a sewer in District No. 117 to J. W. Atkinson Co., whose bid was \$2,202, against V. A. Siegel and Sons, whose bid was \$2,421.50 (the engineer's estimate was \$2,527.25); letting the contract for a sewer in District No. 118 to J. W. Atkinson Co., whose bid was \$1,348 against V. A. Siegel and Sons bid of \$1,474 (the engineer's estimate was \$1,527.85).

Three bids were received on seal coating Ohio and Main, one from the Howard Construction Co., for 22½ cents per square yard; Schroeder Construction Co., St. Joseph, 24 cents per square yard; and the J. W. Menefee Construction Co., 26 cents per square yard. Howard Construction Co. was approved as the low bidder.

One ordinance was introduced for seal coating of Main from Washington to Prospect, and another for Ohio from the MKT tracks south to Broadway. Both named Howard Construction Co. for the work.

Bids were opened on three curb and guttering projects after which ordinances were introduced awarding the contracts to the low bidders in each. The first was for East 14th from Lafayette to Thompson on which M. C. Flippin was low bidder with a bid of \$1.62 per foot. J. W. Atkinson Construction Co. and the V. A. Siegel and Son Construction companies each bid \$1.65.

The second was on West 18th from Warren to Limit. M. C. Flippin was again low with a bid of \$1.60 against Atkinson and Siegel, both of whom bid \$1.65.

The third was for West Tenth from Carr to Warren, for Class B construction, and Warren to Limit, Class A construction; Limit to State Fair Blvd., Class B construction. V. A. Siegel and Son were low bidders on the overall average, with \$1.65 on each.

Ordinances were read accepting improvements, work done and materials furnished for curb and guttering on Beacon from Fifth to Seventh by M. C. Flippin; accepting improvements, work done, and materials furnished for curb and guttering on Osage from 19th to the MKT tracks by V. A. Siegel and Son.

An ordinance providing for curb and guttering on Hancock from 11th to 13th, and an ordinance providing for paving with a rock base to be primed and seal coated for Hancock from 11th to 13th were read for the first time.

Councilman Carleton Kelley read a petition from residents on Stewart from 16th to 20th requesting an ordinance providing for cold

A. A. Fergusons Celebrate 50th Wedding Day

Mr. and Mrs. A. A. Ferguson, 1600 West Seventh, celebrated their 50th wedding anniversary with open house Sunday from 2 to 5 o'clock in the afternoon.

Their daughter, Miss Margaret Ferguson, received the guests, numbering 150, at the door.

Arrangements of flowers, most of them in the golden tones, which were gifts of friends, decorated the home throughout.

A huge three tier wedding cake frosted in white with gold trim and with an ornamental gold 50 on top, centered the dining room table. Greenery with yellow chrysanthemums encircled the cake and at one end of the table was a punch bowl from which Mrs. Fred Shaffer and Mrs. Sid Condit served punch during the afternoon. Gold doilies were on the plates and napkins had the names and dates in gold lettering. With the punch and cake, mints and nuts were also served by Mrs. Victor Gill, Miss Mary Shanks, Mrs. Frank Yeager, Mrs. Herbert Seifert, Mrs. John Welch, Miss Rosie Sieving, Mrs. Paul Hagemer, Miss Myrna Yeager and Miss Hazel Lang. Mrs. Fred Kueck was in charge.

On the buffet was a large arrangement of carnations, gladioli and chrysanthemums in gold color with candles of matching shade in three branch candelabra.

Presiding over the guest book were Mrs. Clarence Carter and Mrs. Oscar DeWolf.

Throughout the afternoon Mrs. Frank Yeager sang several selections with Miss Mabel DeWitt at the piano.

Mrs. Ferguson's corsage was of yellow carnations and Mr. Ferguson had a yellow carnation boutonniere.

The Fergusons had displayed with their many gifts something they have cherished for 50 years, their marriage book. In it were clippings about their wedding ceremony, their marriage license and all about the wedding. This book was beside the guest book in which are now recorded memories of another happy day.

Fort Worth and Rival Dallas Still Feudin'

HOUSTON, Tex., (AP)—Looks like Fort Worth and Dallas, neighboring north Texas cities, might have another point of contention to keep their ancient rivalry burning.

A gift to the Dallas Zoo, a python named Pat estimated at 18 feet long, is in the customs shed here awaiting shipment north.

Fort Worth already had Pete the python, and zoo men there say they're positive of Pete's length, 18 feet. A measuring ceremony awaits Pat's arrival in Dallas.

Bad Mop Businessman

CHARLOTTE, N. C. (AP)—Harold H. Caldwell began a six-year prison term today after pleading guilty to false pretense in Superior Court on a charge that his mop business wiped up a few households.

Police said Caldwell sold mops to housewives, then returned to retrieve the mops from different

members of the families, saying they were broken. He never returned them.

Motorists, Protect Arms...

More necks have been stuck out on public issues without being cut off, than one might believe. Mostly these necks get by with just a slight pressure of strangulation, or emotional choking up. It can happen to any of us.

But the neck hazard is nothing comparable to the arm hazard — that practice of drivers and passengers these hot summer days resting their left or right arm on the window ledge of an automobile with elbow sticking out, particularly in city traffic when even a slight collision might occur. A sideswiping accident in the flicker of an eyebrow may result in a severed or mashed arm.

The practice of arm resting on the window ledge of a car is so common the hazard seems not to be considered although State Highway patrolmen and doctors can vouch for the arm mutilations that occur because of such negligence.

Just notice cars as they pass and observe the number of persons with arms outside the window grasping the top of the car. They are potential arm los-

ers. Not only that but drivers who follow this practice are driving with one hand and invite a situation wherein they may lose control of their vehicle.

Then think of the children who fluster their arms out car windows confusing drivers behind and also inviting an accident which may cause them to lose their arms.

In the days when railroad passenger cars did not have air conditioning and windows could be raised, children were forbidden by parents to hang their arms out of windows for fear of having them cut off by a passing train on an adjacent track. But that hazard was nothing compared to the dangers of arm waving out an automobile when vehicles pass so close to each other that you can hardly pass a dime between.

Remember it's easier to get your arm cut off by sticking it out of an automobile window than to have your head cut off sticking your neck out on public issues. Even a turtle has to stick its neck out once in awhile.

But, automotive travelers, watch those valuable arms!

Drew Pearson Says—

Dulles Frowned On Early Russian Visit

WASHINGTON — Eisenhower would have invited Premier Bulganin and Marshal Zhukov to Washington during the Geneva talks, if Foster Dulles had let him. It was definitely discussed and the Russians were itching to come — right away — but Dulles said no. . . . Ike got irritated at times at his Maginot-minded Secretary of State.

Reason behind the current, historic talks with the Chinese Reds was a repeated warning from Allen Dulles, head of Central Intelligence, that the Reds would begin a devastating bombardment of Quemoy-Matsu immediately after the Geneva conference. Ike decided it was better to talk than retreat. . . . Hitherto any intimation that he would talk to the Chinese Reds without Chiang Kai-Shek being represented has brought screams of anguish from the Knowland wing of the Republican party. Its members are still irate but less vocal. . . . State Department advisers have raised Cain with Chiang Kai-Shek's trigger-happy public relations men who have published stories about Chinese Red planes piloted by Russians diving on Nationalist planes. A lot of these incidents didn't really happen, and the State Department is trying to tone down inflammatory news stories. You've seen a lot less of them lately.

Political Signs and Signals

Just before he was stricken with a heart seizure, friends of Senator Lyndon Johnson planned to launch a presidential boom. The friends included Russell of Georgia, Smathers of Florida, and Symington of Missouri. They were all set to make a public announcement when Lyndon felt the effect of his grueling work and was carried to the hospital. . . . Arrow-tongued Senator Bob Kerr of Oklahoma, one of the few who took on Douglas MacArthur, is "willing" to take the Senate leadership if either Johnson or Clements don't want it next year. (He's both willing and eager). . . . The big shambling hillbilly from Tennessee, Estes Kefauver, has taken terrific strides toward the Democratic nomination without exerting any noticeable effort. He's one of the few Democrats who know how to fire political shots like Sergeant York of Tennessee — to kill. And unlike some of his colleagues he's not afraid to fire. . . . Carmine de Sapia, head of Tammany and the political genius behind Governor Averell Harriman, isn't wedded to Adlai for the nomination as is his friend Averell. De Sapia is for any good Democratic campaigner. . . . Republican leaders are now feeling much happier about prospects that Ike will run again. If they can keep him absorbed with international affairs and not worried about Talbottism or Dixon-Yatesism they figure he'll be ready and willing for '56. . . . George Bender, the singing senator from Ohio, has got his signals crossed again. Usually he takes them from his good friend, Secretary Humphrey, who comes from Bender's home town, Cleveland. But while Bender has been Secretary Talbott's chief defender in the Senate, Humphrey has been Talbott's chief critic in the cabinet. . . . Once before, Bender got his signals crossed on the St. Lawrence Seaway. After vigorously opposing it, he found that Humphrey was its chief pusher. So Bender switched pronto. After all Humphrey has been his biggest campaign contributor.

Benson Goes Into Reverse

Backstage reason why Secretary Benson suddenly modified his plans to dump surplus cotton on the world market was a story released by this column on July 14, disclosing that Benson's assistant, James A. McConnell, had met secretly with five southern senators at the Raleigh hotel and revealed his plan to dump cotton. Economic repercussions from this story were such that Benson reversed himself. He got some tough warnings from political leaders to go slow. . . . Congratulations to Senator Jimmy Phillips of the Texas legislature for his expose of Texas Commissioner Bascom Giles for rooking veterans on land deals. Phillips' crusade forced Giles' trial and conviction. . . . If the Kremlin is really sincere about its smiles, Hungary might be a good place to start. Last week, Communist Hungary deported approximately 800 relatives of Hungarian exiles who had been working for Radio Free Europe. One exile, Lajos Hajdu, is former vice president of the Hungarian Peasant Union. Fifteen of his relatives, including cousins, aunts, and in-laws, were corralled, loaded into trucks, and shipped off to the Rumanian border. . . . Other relatives of other exiles have been picked up without notice, loaded into police trucks, and told to find their own transportation at their own expense to Rumania. They can take with them only what they can carry. . . . It's one of the most brutal recent cases of Communist persecution, and took place while Bulganin was smiling at Ike in Geneva.

The Pioneer Spirit

Figures for 1955 up to now indicate that the independent automobile makers are taking a slightly bigger slice of the car market this year than they did in 1954.

That they have managed this is a tribute to their staying powers under the most taxing conditions of competition from the Big Three.

In at least one case, that of the Packard Company, management has met the stiff challenge with an exhibition of nerve and risk-taking spirit of the sort American businessmen are most admired for.

Its president, James Nance, took a huge financial gamble when he committed the firm to a ride suspension system that is revolutionary for U. S. passenger vehicles. It is called "torsion bar" suspension, and does away with the springs that have been standard underpinning for American cars for decades.

The company could have been forgiven for playing a cautious game at this stage. It chose instead to innovate, to strike out with characteristic American boldness into fresh fields.

It is abundantly evident that the sources of this country's industrial greatness are still full-flowing.

We Get a Better View of Things From This Point

The World Today—

We Still Don't Know Price of Red Smiles

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON (AP)—How much does a big smile cost?

Geneva is getting as cozy as Christmas Eve. The Russians were jolly when they met the West there. If Russian Premier Bulganin, with his chin whiskers, had put on a red flannel suit he would have made a pretty good Santa Claus.

Now the Red Chinese, meeting the United States in the same place, make an opening gesture of good will by freeing 11 American airmen.

What isn't clear, of course, and may not be for months or years, is the purpose of the Communists in this sudden switch. Is it to relax tensions, as the diplomats say? Or do they hope to gain more with grins than guns?

One thing is sure: there's a price tag on the grins. What isn't sure is the price. The bill will be delivered later. For the Russians and the Red Chinese Geneva is just the first card in an all-night poker game.

At the moment there seems to be general relief and approval in this country over the slight thaw in relations between East and West. Except for Sen. McCarthy (R-Wis.) there has been practically no criticism in Washington for President Eisenhower's dealing with the Communists so far.

But if the Russians and Red Chinese follow up their opener by making concessions, they will demand concessions in return. That's when the present mild Washington weather should give way to storms, with thunder.

McCarthy has been pecking away unsuccessfully at Eisenhower ever since the Senate last year condemned him for some of his conduct. He opened up yesterday on the whole idea of being "friendly" with the Communists.

He blasted Eisenhower for sitting down with "tyrants and mur-

derers." He said he's going to make an issue of the President's efforts to get along with the Communists.

McCarthy's attack put the finger on the dilemma of both Eisenhower and the United States. What should the United States do: stay armed to the teeth indefinitely, with a chance of war at any moment, or try to reach a middle

ground with the Communists if they show an inclination in that direction?

McCarthy didn't offer any answer. If Eisenhower doesn't try to reach a middle ground then war is made more possible. Yet if he yields ground on vital points the Western alliances against the Communists may collapse and they win anyway.

Dr. Jordan Says—

If Your Skin Has A Lump Or Ulcer, See Your Doctor

By Edwin P. Jordan, M. D.

A question which introduces the subject of skin cancer comes from Mrs. L. who writes, "My mother in her late fifties has had a hard lump about the size of a dime on her lower cheek for at least three years. Is removal of the lump necessary in order to determine whether or not it is cancerous? If the lump should prove cancerous is a cure possible when one has had such a condition for as long as three years?"

It is necessary to remove the lump or part of it — in order to tell definitely whether or not it is cancerous.

The letter implies that the lump has not grown for three years; this likely means that it is not cancerous but it may be wise to remove it anyway if there is a chance of it becoming so. If the lump is cancerous it is possible that its removal will bring about a permanent cure providing all the cancer tissue can be removed or treated by X-ray or radium and that it has not spread into other parts of the body.

Cancer of the skin or the structures immediately under it is particularly easy to take care of because it can be seen or felt early,

thus giving an exceptionally good chance for complete destruction of the cancer cells. Any sore which is painless and which does not heal as quickly as one thinks it should, should be considered suspiciously.

If the skin has a lump or ulcer you should give yourself a break and let the doctor look at it. Some of these sores or lumps may be cancer and they are so easy to get rid of when they are small and may be so difficult to cure after they have grown a while.

There are also some skin conditions which may lead eventually to cancer and therefore should be watched, even if not treated, so that they can be attacked at the first sign of cancerous change.

One of the most important of these are the scaly brown or black patches which are quite common in elderly people and are usually

Setting Up The Guns On The Political Firing Line

By Esther Van Wagoner Tufty

WASHINGTON — Even the late Senator Arthur H. Vandenberg, the pioneer in bi-partisanship on foreign affairs, would be amazed that any Congress could give any President of an opposing party such unanimous support as manifested before, during and after the Geneva conference of the Big Four.

The Democrats seem a little surprised at themselves.

But Geneva is passed and now the Democrats are drafting their assault on the Republicans for the 1956 Presidential campaign.

It isn't easy to find a vote-getting issue. Agreements, rather than disagreements, have been the

record of the Democrat 84th Congress.

These are the "talked-about" issues developing:

1. Favoritism of "Big Business." Examples: Dixon-Yates Contract, Restrictions on "dollar - a - year" men prohibiting policy - powers and any personal connection with large campaign contributions.

2. A GOP "Mess in Washington." The outside \$50 thousand dollar a year business activities of Secretary of Air Force, Harold E. Talbott, called a "natural." The polio vaccination program "mess," involving 209 cases.

3. Comparison of popular GOP President, General Eisenhower, who plays golf, to the unpopular GOP President General Grant, who spent a lot of time driving fast horses!

4. Get even for taunts against Truman's reference to Dictator Stalin as "Uncle Joe" by references to Eisenhower's friendship with Communist General Zhukov and the times he went off in a private corner for secret conference with the Soviets at Geneva.

5. Debunk it was Eisenhower's idea to hold Big Four at the Summit. Suggestion came first from Churchill, then Democrat Senator George revived the proposal twice before accepted at White House.

6. The exchange of military blueprints between United States and Soviet Union is apparently the same as one made by then Secretary of State Dean Acheson to the United Nations General Assembly in 1951.

Of these, the Talbott investigation is considered the best political advantage the Democrats have to date. They say it will be enough if Talbott is found guilty of bad judgment or of naïveté that brought discredit to his office. Those letters on official stationery to customers of his firm will be widely circulated. Even if the subcommittee finds the Secretary did only what he said he would do and did not violate the "conflict of interests" statute, the Democrats can use the episode to prove the unworthiness of Big Business in public office.

Actress Is Recovering

OJAI, Calif. (AP)—Actress Loretta Young was resting at home today after a 3½-month stay at a nearby Oxnard Hospital, where she underwent surgery for peritonitis and abdominal adhesions.

toys and all sorts of things stuffed around somewhere. The pan on the stove needed taking off immediately and she started over to take it off without looking to see what was in the mitt — then she decided she wouldn't, she would empty the mitt first. She took it over to the waste basket, shook it and out tumbled Mr. Mouse.

She took one look, realized that her hand and the mouse had been in the mitt together and screamed at the top of her voice, slinging the mitt until it curved clear around the door and landed in the living room. Her husband, who was sitting in the living room was at her side as fast as he could get there and didn't have any idea how he would find her.

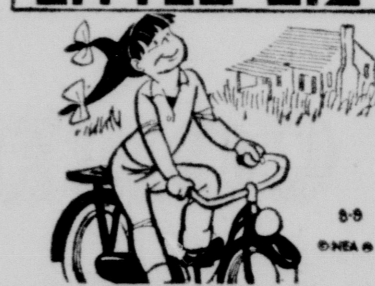

"Did you burn yourself?" he asked breathlessly.

"No," she replied almost in hysterics. "Look in the waste basket!"

He did, and there was the little mouse just as scared as she was.

Well, she washed that mitt but she might as well throw it away because she has never had courage enough to put her hand in it since, and she still has the creeps every time she thinks of it. — H. L.

New Addition To School Is Nearly Ready

By Mrs. Herbert Hansen
LINCOLN — With the exception of the Home Economics instructor all teachers have been employed for the ensuing year for School District R-2. The new addition to the school building which is now under construction is rapidly nearing completion and it is expected to be ready several days before the school term opens Aug. 29.

Out of a possible 45 first and second graders, about 35 were on hand Thursday at the high school building to receive their second inoculation of polio vaccine which were administered by Dr. T. R. McBee, Lincoln and his assistant, Miss Emma Lou Coffey.

Mr. and Mrs. Arch Lockard and Miss Anna Davis, Windsor, were dinner guests last week of Miss Lizzie Davis. Mr. and Mrs. Willie Davis, Ionia, and Mrs. Dick Hughes were guests that evening.

Mrs. C. D. Brill spent Thursday with her daughter Mr. and Mrs. Julian Upton and baby, Green Ridge.

Connie Sue McFarland, Kansas City, and Lonnie Ray Vogler were overnight guests Tuesday of Mr. and Mrs. Ira Foster.

Tragedy Takes Three Lives in Short Time

KIMBALL, Neb. (AP)—This is a story of tragedy and things that happen in three hours.

Three employees of the Rogers truck line of Sidney, Neb., died in accidents bordering on the freakish in five days. All happened in the oil field sections surrounding this area.

Last Thursday, Lloyd Thomas Clareton, Wyo., died when a section of catwalk fell on him as he braced it during the erection of a derrick.

Sunday, driver L. D. Arnold, Kimball, died when the boom of his truck came in contact with a high-voltage power line.

Yesterday, Clyde Scott Gibbs, Sidney, died under the weight of a load of pipe.

Gibbs stopped his truck, then got out of the cab to put a suitcase in the open front of the trailer. As he stepped between the cab and trailer, the truck rolled backward. The truck rolled a few feet into a truck being loaded with heavy materials. The impact sent the pipe in Gibbs' trailer smashing forward, crushing his head against the cab.

Rattlesnake Causes Confusion In Jeep

PORTSMOUTH, Va. (AP)—Three's a crowd in an Army jeep, especially when one of the three is a rattlesnake.

Capt. John F. West and Capt. George N. Sanders were bowling along at a 40 m.p.h. clip yesterday when the rattlesnake reared its head between them.

West shouted, "Don't jump." Sanders didn't hear him. He'd already jumped—into a roadside ditch, head first.

West stuck it out a few moments, then jumped, too.

The jeep rolled into a ditch and stopped, unscratched. The rattlesnake slithered off into the grass. West and Sanders, bruised and dizzy, still wonder how the snake got into their jeep.

Dies In Office Fire

ST. JOSEPH, Mo. (AP)—A drive-in theater manager suffocated last night in a fire in the theater's office building.

He was Edwin M. Gardiner, 63, Mission, Kas., formerly manager of the Shawnee-Mission drive-in theater.

Firemen said faulty wiring started the blaze which cut off

Man Pleads Guilty, Receives Life Term

CLINTON (AP) — William R. Hoover, 24, Kansas City, pleaded guilty yesterday to arson and the murder of a fellow convict during the Missouri prison riot Sept. 22.

He was given a life term for the murder and 10 years each on two counts of arson.

Seven convicts were charged with the slaying of Walter Lee Donnell during the riot. Hoover was the first to plead guilty. Five of the others have been tried, with four sentenced to life terms and the other to death.

Hoover was brought to Henry County Circuit Court here on a change of venue. He was returned to the prison in Jefferson City by a patrol plane after the sentencing.

Joseph Manuel Vidauri, 19, Kansas City, is the only one of the seven awaiting trial. He was granted a change of venue to St. Charles County.

Heroic Mother Saves Child Under a Train

MONROE, N.C. (AP)—A 25-year-old mother was recovering here today from injuries received when she threw herself across the body of her three-year-old child as a train bore down on the tot.

Mrs. Dorothy Wilson related yesterday how her daughter was knocked down by a box car as the pair crossed railroad tracks Friday.

"I couldn't snatch her up because it would have cut her in two," Mrs. Wilson said. "My mind told me to jump down on her and I did."

"I was lying there on top of her and the train was moving over me. I remember seeing some of the box cars pass over me. I was scared out of my wits. Then I remember something hit me on the head."

Mrs. Wilson received 16 stitches in her hip and 14 in her head.

Dianne escaped with minor bruises.

She Hears Husband On Moscow Radio

GREENSBORO, N. C. (AP)—Mrs. William E. Reed last night heard from her husband for the first time in more than a week—thanks to Radio Moscow and a Greensboro teen-ager who is a short-wave fan.

Her husband, a professor of agriculture at A&T College here, is touring Russia with a group of other Americans. Taylor Doggett, 19, was listening to his short-wave radio when he picked up Radio Moscow last night.

They were interviewing Dr. Reed, Taylor reported. The Greensboro educator said he was impressed with the Russians' hospitality.

Gardiner's only escape route. They fought the fire more than an hour before reaching his body.

Officials Ready To Meet Freed American Fliers

HONG KONG (AP)—American and British officials made preparations today to receive 11 American airmen due to reach Hong Kong Thursday after more than two years imprisonment in Communist China.

Red China notified the United States yesterday that the men were being freed and said they had left Peiping on their way home.

U.S. consular and Air Force officers here were informed officially late last night of the announcement. British border patrols were alerted in case the 11 should arrive before Thursday.

Officials gave no immediate indication of the processing the men would go through here. It was assumed, however, the procedure would be the same as that for four U.S. fighter pilots released by the Red Chinese in May. After crossing the border here, the four were given new clothes and flown immediately to Hawaii in a special Air Force plane.

White House Press Secretary James Hagerty said yesterday in Washington the 11 fliers would be reunited with their families "as soon as is humanly possible." He said he expected the Air Force would fly relatives at least part of the way to the Far East to meet them.

Uses Keys to Rifle Soft Drink Machines

COLUMBUS, Ohio, (AP)—Douglas E. Rushing, 25, was formerly a service attendant for soft drink machines. And he had a key to open cash boxes.

Yesterday, police said, he admitted using those same keys to rifle at least 75 such machines between here and Marion since he quit the job two years ago. They said he got between \$2 and \$65 from each cash box.

And, they added, he even admitted rifling the machine in police headquarters.

Prisoner Walks Away With Freedom Close

SALEM, Ore. (AP)—A prisoner walked away from a work detail at the State Penitentiary farm annex yesterday—just when legal freedom was at hand.

THE SEDALIA DEMOCRAT—Sedalia, Mo., Tuesday, Aug. 2 1955

NOTICE
We the Chiropractors of Sedalia, Mo., wish to make known in the interest of the public health and welfare, that Senate Bill No. 226, sponsored by the Missouri State Medical Association was killed in our State Legislative Committee. This means that our State Legislative body could not accept this medical attempt to monopolize the healing arts and destroy Chiropractic as a profession.
We wish to thank the Missouri Legislative bodies and all others who gave forth their efforts that the Democratic right of free choice which is an inherent American tradition might be retained.
It is interesting to note that at this time a new plan of attack has been formed under RECOMMENDATION No. 1 of The Federation Of State Medical Boards Of The United States, to change the definition of The Practice Of Medicine to cover the practice of all other healing arts, which they termed necessary to include the unscientific and often dangerous methods of the most ignorant unlicensed quack. This latter phrase undoubtedly refers to the Chiropractic Profession which educates its Doctors in anatomy, physiology, chemistry, physics, pathology, diagnosis, bacteriology, hygiene, pediatrics, dermatology, embryology, histology, psychology, obstetrics, gynecology and others from the latest and best recognized medical texts. Further more to obtain a D. C. (Doctor of Chiropractic) Degree it requires a minimum of 4,000 hours while some Medical Schools issue an M. D. at 3,600 hours. This may be another attempt to take away an essential form of Health Care that the Drug industry cannot provide unless they revert to the procedures of the supposedly "unscientific and often dangerous methods of the most ignorant unlicensed quack." The Chiropractors of Missouri and 43 other States, District of Columbia, Hawaii, Alaska, Puerto Rico, and 7 Provinces of Canada are licensed by law.
Do not be fooled by this Medical Propaganda. Investigate for yourself.

This week Buick soars past the 600,000 mark!

Biggest-selling Buick of all time permits us to make the biggest trade-in deals ever possible!

HERE it is, just past July, and what do you think has happened?

Buick popularity has broken every past full-year record!

That's the gospel truth. And Buick, of course, has had many great years before.

At the beginning of this week, Buick production passed 600,000 cars for the 1955 model year.

That is over 155,000 more automobiles than the full model year of 1954—when we captured third place in total national sales.

It is more than 11,000 higher than the full model year of 1950—when the automobile industry had its greatest year, and Buick established an all-time record that stood unchallenged until now.

It is almost a quarter of a million more automobiles than the full model year of 1941—which was the greatest prewar record Buick ever reached.

In other words, there has never been anything like 1955 in Buick history—when today Buick is building over three cars every

minute to meet the public demand.

Doesn't this tell you something important? Doesn't this soaring Buick success mean that you owe it to yourself to see and sample the car that's breaking every record in the Buick book?

Doesn't it mean that you ought to try Buick's mighty V8 power—Buick's great room and comfort—Buick's cruiser-steady ride and roadability—Buick's superb visibility and precision handling ease?

And doesn't it mean you certainly ought to try Buick's Variable Pitch Dynaflo®—the world's only transmission with the switch-pitch principle of the modern plane's propeller—and the most spectacular performance advance of the year?

Come in and see us—this week, at the latest—and learn for yourself why today's Buick is the biggest-selling Buick of all time—and how big a trade-in deal we can offer you with this tremendous volume to back us up.

*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

Industrial League Picks Players For All-Star Game Sunday Night

Managers Chosen From Top Teams In the Leagues

In a recent meeting of the managers of the Sedalia Industrial Softball league the All-Star teams for the American and National Leagues were chosen by the mentors of the various teams.

No manager was allowed to vote for members on his own club.

The members of the starting lineup for the National League are: pitcher, Corley, Hamms Beer; catcher, Norwell, Hamms Beer; short stop, Cooper, Hamms Beer; first base, Rogers, Deaver's Devils; second base, Hawley, Knights of Columbus; third base, Vellila, Deaver's Devils; outfield, inhauser, Knights of Columbus, Waters, Jolly Welders, and Kelly, Hamms Beer.

The manager of the National League team will be Sims of Hamms Beer, whose team presently leads the National League.

Others chosen for the National League All-Stars are: pitchers, St. Cyr, Moose Club, Baudion, Hamms Beer and Schultz, Knights of Columbus; catcher, Swisher, Knights of Columbus; short stop, Barr, Knights of Columbus; first base, Sims, Hamms Beer; second base, A. Barnes, Meadow Gold; third base, Whitfield, Moose Club; outfield, Prins, Hamms Beer; infield, Cobian, Hamms Beer and Slocum, Meadow Gold.

Don Weller, manager of the Jaycees, who lead the American League was chosen as the All-Star manager of the Americans.

The starting team for the Americans will be: pitcher, Sterling, Adco; catcher, Weller, Jaycees; first base, Homan, Adco; second base, Reavis, Hudson Hornets; third base, Bob Brown, Jaycees; short stop, Gilmore, Jaycees; left field, D. Streeter, National Engineers; center field, Fisher, Adco; and right fielder, Richardson, Hudson Hornets.

Others selected for the American All-Stars are: pitchers, Lyles, Jaycees, Norfleat, National Engineers, and Reysborn, Adco; catcher, Yenneman, DeMolay; first base, Kennedy, National Engineers; second base, C. Thompson, Jaycees; short stop, Bud Thomas, Jaycees; third base, Broadus, Adco; left field, Tucker, Hudson Hornets; center field, George Thompson, Jaycees and right field, Ford, Adco.

The All-Star game will be played Sunday at 8 p. m. at the Housel Park. The public is invited to attend the game, which promises to give out with many thrills as are usually evidenced in an All-Star game.

Boyd Kayos Anthony In Third Round Tap

NEW YORK (AP)—Fighting is a simple thing to Tony Anthony. Either you knock out the other guy or he knocks you out.

Last night at St. Nicholas Arena it was "the other guy"—and Bobby Boyd of Chicago flattened the New York middleweight in 1:32 of the third round of a scheduled 10-round match.

Anthony was down for an automatic eight-count in the first round but came back to stagger Boyd while winning the second.

It was Boyd's 20th knockout in a lifetime record of 34-6-2.

Anthony, winner of 23, now has lost four, all by knockouts.

A right hard punch to the jaw dropped Anthony on his face for keeps.

Boyd weighed 157½, Anthony 161½.

Indians Still Play For League Pennant

NEW YORK (AP)—"The way we were going early, we're lucky to be this close."

That's the way Manager Al Lopez of Cleveland sizes up his club's position in the American League jumble. "If we can get started, we can win it all," he added.

The Indians have won 9 of their last 12 after a stuttering start and now are tied for second place with the New York Yankees, only one game behind the Chicago White Sox.

As for his newest pitcher, Sal Maglie, Lopez wants to wait and see.

"As soon as we find out what kind of condition he's in, and if he can throw real good, we'll know when to use him," he said.

"Newk" Could Break Won-Lost Records

ST. LOUIS (AP)—Freddie Fitzsimmons, coach of the New York Giants, says Brooklyn's Don Newcombe has a "good chance" to break his won-lost pitching record in the National League.

Fat Freddy posted the league mark of 16-2 in 1940 at the age of 39 when he was with the same Dodgers.

Big Newk now stands at 18-1 with about two months of the season still remaining where a defeat or two could ruin the record bid.

Can Break Tie—

Sedalia to Meet Marshall At Liberty Park Tonight

Sedalia will square off against Marshall tonight in a rescheduled Central Missouri Ban John n League game. The Marshall club has won only one tilt during the second half of play while the Chiefs have a 5-2 record and are currently tied with Columbia for second place.

A win tonight could put the Chiefs ahead of the Athletics and then the position could be secured with a victory Thursday night over the Columbia team itself as they visit here for a night game at Liberty Park.

The game tonight will start at 8 p. m.

With 5-2 records each, both the

Major Hurlers Fail To Near 20 Game Mark

NEW YORK (AP)—Twenty-game winners in the major leagues this season almost will be as scarce as one-legged fielders.

The way the pitching situation shapes up with only one third of the campaign to play, only Don Newcombe of Brooklyn and Robin Roberts of the Philadelphia Phillies appear certain to wind up with as many as 20 victories.

Newcombe, the Dodgers' one-man gang, has an 18-1 record while Roberts, with at least 20 triumphs in each of the last five years, has won 16 games while losing nine.

Frank Sullivan of the Boston Red Sox (14-8) has a chance to make the 20-grade. So have Early Wynn (13-5) and Bob Lemon (12-7) of the Cleveland Indians and Whitey Ford (12-5) of the New York Yankees.

Lemon, seeking his seventh 20-game year, has been bothered by a hip injury. Dick Donovan of the Chicago White Sox had a 13-4 record before he was sidelined by an appendicitis attack.

From all indications, however, baseball's big leagues will produce the lowest total of 20-game producers since 1942 when only four pitchers did it.

Last season produced six twenty-game winners — Wynn, Lemon and Roberts with 23, Johnny Antonelli of the New York Giants and Warren Spahn of Milwaukee with 21 and Bob Grim of the Yankees, a rookie, with 20.

Antonelli is 8-13 this year. Spahn has a 9-11 record and Grim, out with a sore arm, has won only four games against two setbacks.

Otterville Horsemen Win District Events

Members of the Otterville Boots and Saddle Club participated in the Southeast district show of the Missouri State Saddle Clubs Association, which was held in Versailles Sunday.

Otterville winners who are eligible to participate in the state show, to be held Sunday, September 18, at the State Fairgrounds are:

Card Errors Spur Giants To Victory

By THE ASSOCIATED PRESS
Manager Harry Walker probably wouldn't be amiss in his duties if he suggested a little pregame fielding practice for his fledgling St. Louis Cardinals.

The Birds contributed four errors last night to make the New York Giants' job an easy one in a 9-1 decision as southpaw Don Liddle held the home club to five hits.

Liddle, who made his first start since May 30, held the Birds hitless in six innings. Their only score came on singles by Red Schoendienst, Bill Virdon and Pete Whisenant in the fourth.

Willie Mays drove in three New York runs with his 34th homer and a single.

Shortstop Bob Stephenson made two of the Redbird errors on one play in the fourth. Starter and loser Harvey Haddix had loaded the bases on walks and Stephenson then fumbled a ground ball and threw it wild past first to allow one run to score.

New York added two more in the fifth on Al Darr's single, a sacrifice and Mays' single. Willie scooted all the way around to third when Virdon's throw from the outfield went past home.

He later started to steal home but was ruled safe when Umpire Stan Landes called a balk on reliever Paul LaPalme.

The Kansas City Athletics had an open date.

The full schedule through Sunday:

Brookfield at Boonville, Marshall at Sedalia, Tuesday night; Jefferson City at Marshall, Wednesday night; Mexico at Moberly, Columbia at Sedalia, Thursday night; Brookfield at Marshall, Jefferson City at Boonville, Sedalia at Mexico (2), Moberly at Columbia, Sunday night.

Majors Set Date Players To Start Spring Training

CHICAGO (AP)—The major leagues knocked out the rule that a player cannot report to spring training before March 1 and scheduled definite action yesterday on the controversial bonus rule at a joint meeting in Chicago next December.

In dropping the curb on spring training, the American and National leagues, meeting separately, decided a player does not have to report before March 1 but can if he so wishes.

Last year, players were not allowed to report before March 1.

On the player-bonus rule, which has been unsatisfactory to everyone concerned, the two leagues will meet jointly in an effort to eliminate it.

The present rule requires a team to carry bonus players for two years and include them within the 25-player limit.

Other matters such as minimum pay increases and winter baseball were discussed.

Commissioner Ford Frick, who attended yesterday's meetings, set Aug. 12 for a meeting in New York of baseball's executive council and representatives of the Caribbean Confederation for further study of winter baseball. The players have asked that all restrictions be lifted from playing winter baseball.

The National League had a full slate. The Brooklyn Dodgers widened their lead to 14½ games by coming from behind to defeat the second-place Milwaukee Braves 4-3 in 10 innings.

In other games, the New York Giants knocked the St. Louis Cardinals into seventh place with a 9-1 victory, the Cincinnati Redlegs climbed to sixth by winning their fifth straight, a 4-3 decision over the Philadelphia Phillies, and the Pittsburgh Pirates edged the Chicago Cubs 5-4.

Lew Burdette held the Brooks scoreless until they tied it in the seventh with three runs. They won it in the 10th when Johnny Logan bobbled a double play ball, permitting Junior Gilliam to score. Karl Spooner, third Brook pitcher, was the winner and Ernie Johnson lost it.

Don Liddle made his first start for the Giants in more than a month and held the Cards to five hits. Willie Mays hit his 34th homer.

Connie Johnson (3-1) will get the call tonight. Tommy Brewer (8-8) will be on the mound for the Red Sox.

To add to the White Sox's troubles, third baseman George Kell, third leading hitter in the league, has been having back trouble again and strictly a limited-service performer now.

The Yankees and Indians, eager to get off on the right foot, will send their aces to the rubber. Early Wynn (13-5) goes for the Indians, while Tommy Byrne (9-2) pitches for the Yanks.

Walt Johnson To Get Tribute From Senators

WASHINGTON (AP)—They're paying tribute to the memory of Walter Johnson at Griffith Stadium tonight, just 48 years after the Big Train threw his first major league pitch.

The Detroit Tigers, as they did on that occasion, furnish the opposition to the Washington Senators. John's mother and three of his children, Walter Jr., Carol and Eddie will be on hand.

Johnson, who many regard as the greatest right handed pitcher of all time, worked 20 years with the Senators, from 1907 through 1927. He won 373 games and lost 208 for a club that finished in the second division about half the time.

Johnson died in 1946. He was a 19-year-old kid when he faced the Tigers on Aug. 2, 1907, in the first game of a double-header.

The Tigers won, 3-2, but a sportswriter describing the game, wrote: "The youngster demonstrated conclusively that he is a pitcher of the first class by holding the Tigers to six hits in eight innings."

He was a good prophet. In the ensuing years, Johnson five times led American League pitchers in earned run average, established an American League strikeout record (3,497), pitched the most shut-out games of all time (113) and threw the greatest number of consecutive shutout innings (56).

When the baseball Hall of Fame was established in 1936, Johnson was a charter member along with Ty Cobb, Babe Ruth and Christy Mathewson.

Space-Happy Kids Force Us Into the Interplanetary Fad

NEW YORK (AP)—The sky is no longer the limit.

Blast those little kids who've been running around with rocket guns in their arms and plastic bubbles over their heads!

Instead of playing cowboy like sensible children, they have been talking for years about zooming to other worlds in space ships.

So what happened? Some grown-up scientists listened to their prattle and took their childish game seriously.

And now, just as sure as the Lord made little atoms, by the end of the century tourist agencies will be featuring weekend space ship journeys to the moon.

The decision by the U. S. government to earmark 10 million dollars to throw up a basketball-sized earth satellite is just a start. It will go up only 200 or 300 miles, whiz around the world every 1½ hours at an 18,000-mile-an-hour clip, then come down after a few days or weeks, burning up as it hits the earth's atmosphere.

But this first man-made falling star, naturally, will be only the beginning.

The satellites will become larger and larger, go up higher, finally reach a height where they can stay up and buzz around the earth forever. The old definition of gravity—"all that goes up must come down"—will be repealed.

Where will it all end? Who knows but that Texas itself may decide it wants mors lebensraum, and rocket itself into the sky—thus turning the earth itself into a satellite of the Lone Star state?

Already thousands of people at the Hayden Planetarium (our local sky study parlor) have signed up to become passengers on the first

space ship to the moon.

Not me! Not on the first ship, not on the 1,001st.

"Why, wouldn't you like to set foot on the moon?" my adventurous-minded friends ask.

No, indeed. I was born in a time when a horse was something you rode on, not bet on. I yielded gracefully to the disappearance of the buggy, and the victory of the automobile; I have learned to put up with the airplane. But the idea of space ships separates the men from the boys, and I'm a man.

It's the boys who will have to grow up and do their Sunday sky-larking in space ships.

No one is going to force my head into a repulsive plastic bubble and make me soar up and climb the arid foothills of the moon.

There are some things and some places in life that are better left unvisited. The charm of the moon lies in its distance. Familiarity with it would probably only breed contempt.

The man in the moon has been a friendly hermit to humankind all these weary centuries. None can look up at him on a warm summer night without feeling a lifting of the spirit. Who wants to go up and count his pockmarks?

Everything on earth is crowded in a grappling struggle of living, but not the sky. The firmament may be crowded, too, in its own way, but not in a man-made way. Its vast star-studded emptiness, a reach infinitely beyond our final knowing, confers awe to the mortal mind, peace to the mortal heart, rest to the mortal eye.

Why clutter up the fringes of this endless vista with space ships tracking on dull round trips to the

Screen Actors Guild Sets Strike Friday

HOLLYWOOD (AP)—The Screen Actors Guild has set Friday for the start of a strike by all actors in filmed television shows.

A spokesman for the guild said that 40 weekly TV series are now shooting in New York and Hollywood. John L. Dales, the group's executive secretary, said that 96.3 per cent of the membership authorized the strike.

"The principal issue . . ." he said yesterday, "is the refusal of the producers of filmed television programs to agree to make any residual payments whatsoever to actors for the second run of a video film."

The three-year contract which expired last week gives actors payment on the third to sixth runs, inclusive, in addition to the original showing.

The walkout will not apply to production of theatrical motion pictures.

There are towns named "Valentine" in Nebraska, Texas, Arkansas and Arizona and one named "Valentines" in Virginia, says the National Geographic Society.

moon? The moon is no true stepping stone to the mystery of the universe—but only a nearby pebble in the black.

I would rather stand on the earth at night and look up and imagine which faint far stars are milestones on the way to heaven, which shine on Valhalla.

Turn the moon into another Coney Island? I'm against it. The next time I see one of those little bubbleheaded kids with a rocket gun, I think I'll step on him—if his mother isn't looking.

It's those kids that started it all. Science never would have thought of it if it hadn't been for them. Why couldn't they stick to Davy Crockett, and let the sky alone?

Potato Can Be Hot

That most versatile of vegetables, the potato, can be the hot dish at your picnic supper. Just rub fat on clean potatoes, wrap them in aluminum foil and place them on your campfire. Turn them once and allow about 15 minutes to a side for an average size potato. Also, corn on the cob can go to a picnic dressed in foil, says Miss Josephine Flory, Missouri University extension nutritionist. To prepare corn, strip down the husks, remove the silks, brush kernels with melted butter and replace husks. Then wrap in heavy foil and roast on the open fire.

Yma Sumac Will Stand By Husband in Suit

LOS ANGELES (AP)—Singer Yma Sumac says she'll stand by her husband Moises Vivanco, who faces a paternity suit.

"Of course I believe my husband is innocent," the Peruvian-born soprano told newsmen yesterday. Vivanco also denied at a news conference that he was the father of twin daughters born nine months ago to Maureen E. Shea, 26, Miss Sumac's former social secretary.

The singer collapsed last week after learning of the suit against Vivanco, 38, her musical arranger.

Mercury beauty, power and resale value
boost sales to record high...

And record sales mean record deals. Cut your cash outlay
by acting now—get a far bigger allowance for your present car.

It's worth a trip to our showroom just to hear the figures! For it's never been easier than right now to own a Mercury.

HIGH-VOLUME DEAL—Mercury's record-breaking popularity now permits us to operate on a much higher-volume basis. We can offer the best deals in our history. And, remember, a Mercury deal means far more than just a low price. Look at what you get:

EXCLUSIVE STYLING—No "look-alike" styling for Mercury. You get fresh, distinctive beauty—styling shared by no other car.

SUPER-TORQUE POWER—You get more than just high horsepower (188 and 198 hp)—you get far more usable power. More power is put to work in pickup and passing speed ranges—where you can

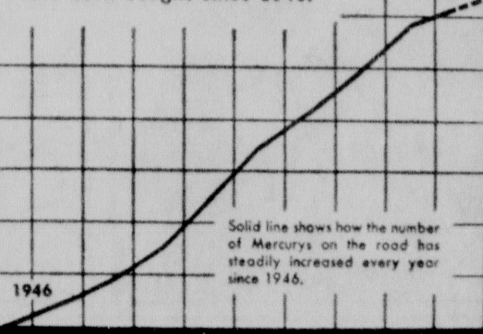

use it for everyday driving, not just for high speeds.

EXTRA-VALUE FEATURES—Only Mercury in its field offers you so many important extras at no extra cost. For example, a 4-barrel carburetor on all models. Special 18mm anti-fouling spark plugs. Ball-joint front suspension. And dual exhausts on all Montclair and Monterey, and Custom Station Wagons.

CONSISTENTLY HIGHEST RESALE VALUE—Mercury protects your investment better than any other car in its field. Independent reports show that Mercury consistently returns more of the original purchase price at trade-in time. In short, no other car offers you bigger reasons for buying it. And you couldn't pick a better time to get a deal on a new Mercury. So why wait? See us today.

THE BIG MOVE IS TO MERCURY

Mercury is setting new sales records every month. More than 2,000,000 Mercurys have been bought since 1946.

Keep Dairy Herd Producing Well Despite Heat

It's important that you keep your dairy cows producing well during the summer months. And extension dairy specialists at the University of Missouri say you can help keep production high by keeping your cows comfortable and by providing a plentiful supply of palatable feed.

Hot weather affects the appetite of cows. Therefore it's especially important to provide cows with a

palatable feed so that feed intake will stay up. Fresh pastures are advisable as they stimulate production. Many Missouri farmers are using sudan grass and lespedeza pastures as they will grow under hot, dry conditions.

The dairy specialists remind you not to overlook the problem of supplementing summer pastures. Pastures may furnish cows with less nutrients now than earlier in the grazing season which means more supplement will have to be furnished.

In summary, the dairy specialists list these five points for keeping production high.

One, have good night pasture as

cows do much of their grazing at night.

Two, supplement pastures with hay or silage as well as with protein supplement. The more nutrients that come from pasture and roughage, the cheaper the ration will be.

Three, provide fresh pastures as often as possible.

Four, farmers with field chop-

pers may want to consider feeding green forage.

And five, keep cows comfortable by providing shade and good water, and by controlling insects.

There are about 877 million head of cattle in the world, about 18 per cent more than before World War II.

Weatherman Has Changed Old Record

By THE ASSOCIATED PRESS

The Weather Bureau kept recording its hottest and longest playing record of the summer season: hot and humid today and hot and humid tomorrow for most of the nation.

The season's longest heat wave didn't show any sign of a general break. A little relief came in the form of showers to some areas but it was only temporary.

Sections of the Northeast, northern Great Lakes and the Far West were out of the s-selter zone.

Temperatures in the 90s and up to 100 and higher appeared in prospect again today.

The plains states were the hottest region yesterday with readings ranging from 95 to above 100. It was hotter in Pierre and Philip, S.D., than in the Southwest desert region. Both cities had the country's top marks, 107, compared to 104 at Blythe and El Centro, Calif., and Yuma, Ariz.

Temperatures were in the 80s during the night over most of the plains and in the Southwest.

Generally readings were in the 70s except in the northern Great Lakes and the Pacific Northwest, including all of the Pacific coastal sections, which reported marks in the 60s or lower.

The tropical storm named Brenda continued to weaken as it moved across southern Louisiana. Rains associated with the storm extended from southwestern Alabama westward across southern Mississippi into eastern Louisiana. Rainfall measuring about 4.5 inches was reported at Mobile, Ala., in 24 hours.

Showers and thunderstorms were general over the Southern states, most of the Rocky Mountain region, including the Northern Plains and from the eastern Great Lakes into New England.

Trial Opens Today For Young Army Man

FT. LEWIS, Wash., (AP)—The court-martial of Lt. Jefferson Erwin, a 19-year veteran of Army service accused of aiding the enemy while a prisoner in Communist North Korea, opens today.

Erwin, 38-year-old father of four children, also is charged with making disloyal statements while a POW after his capture by the Reds Dec. 1, 1950. He was released Sept. 4, 1953.

If convicted, the career soldier from Blanchard, Okla., faces a maximum sentence of life imprisonment. His defense counsel, Lt. Col. Leslie E. Dixon, Baton Rouge, La., said Erwin would plead innocent.

Says the People Will Rebut Mac's 'Sell-Out' Claim

WASHINGTON (AP)—Sen. Goldwater (R-Ariz.) said today "the American people will rebut" charges by Sen. McCarthy (R-Wis.) that President Eisenhower offered "friendship to tyrants and murderers" at Geneva.

McCarthy denounced in the Senate yesterday what he termed Eisenhower's "profession of faith" in a statement of Russian leaders that they want peace. He said he believes a "sell-out" to the Communists in Asia is in the making and he intends to "take the issue to the American people."

Goldwater, who heads the Republican Senatorial Campaign Committee and says he regards McCarthy as a GOP asset, said in an interview that "I think the American people themselves will rebut Joe."

He said he doesn't believe the people will "buy" McCarthy's contention that the Big Four conference at Geneva constituted a rout for the free world forces.

"I think the people are pretty well pleased with the outcome of the Geneva conference, even those who have some reservations about the matter," he said. "The people are for peace and they believe we have made a start toward getting it."

Dope-Crazed Moroccan Stabs Four to Death

TANGIER, (AP)—A dope-crazed Moroccan launched a one-man holy war on foreigners and Jews in Tangier's tortuous alleys today, stabbing to death four persons, including a tourist from New Jersey. Five other persons were wounded.

The victim from America was identified as James M. Batting, a British subject living in Teaneck, N.J. He and his wife had arrived in this international zone of North Africa only three days ago.

Mrs. Batting was with her husband when he was stabbed but was not harmed.

Police captured the Moroccan after wounding him slightly. They said he had been smoking "kil," a local form of marijuana, and wanted to launch a jihad—the Moslem holy war—against foreigners and Jews.

Mississippians Cast Ballots For Governor

JACKSON, Miss., (AP)—Mississippi casts ballots today for a new governor after a campaign filled with promises to keep Negroes out of white schools.

The top two candidates after today's vote will enter a runoff primary Aug. 23. All five agree no one will get a majority in today's first Democratic primary election.

Democratic nomination means election in Mississippi, where Republicans seldom volunteer for defeat.

All five candidates have promised to keep racial segregation despite the U.S. Supreme Court decision declaring public school segregation unconstitutional.

Negro voters have little to say about the outcome. Their thin ranks have been trimmed by the white Citizens Councils and a constitutional amendment requiring a written examination before registering.

In the race are former Gov. Fielding Wright, a founder of the 1948 States Rights party; Mrs. Mary Cain, a peppery newspaperwoman who carried only one county in 1951; Paul Johnson, son of a former governor, making his third try; Atty. Gen. J. P. Coleman, making his first statewide campaign; and Ross Barnett, Jackson attorney, making his second race.

Brazil Coffee Trees Killed by Cold Wave

RIO DE JANEIRO, Brazil (AP)—A cold wave has brought heavy damage to coffee trees in Parana state, one of Brazil's four chief coffee-growing areas.

Temperatures as low as 14 degrees and snowfalls of 20 inches were reported.

No official estimate of the damage has been made but the Meridional News Agency quoted the mayor of one coffee center yesterday as saying half the trees on plantations in northern Parana were destroyed.

The damage will not affect the coffee crop being shipped this year, but will be felt when the new crop begins to move next July.

Coffee futures on the New York market jumped the daily limit of 2 cents a pound yesterday.

Minister Faces Another Young Heresy Charge

MILWAUKEE (AP)—The liberal interpretations given the doctrine of his church have brought another young suburban Milwaukee minister face to face with a charge of heresy.

The Rev. John Gerberding, 33, must stand a formal church trial or specific counts of doctrinal deviation, an investigating committee of the Northwest Synod, United Lutheran Church, voted unanimously last night.

Pastor Gerberding, whose church is at Menomonee Falls, sat with and tried to aid the losing defense of the Rev. George Crist Jr., of Durham, who was convicted of similar charges at a two-day trial last week.

Pastor Crist's suspension from his pulpit was recommended, and Dr. Paul E. Bishop, of Minneapolis, who headed the investigating committee, said official suspension was only a matter of time.

The cases will be reviewed by the synod conference in Milwaukee next May, with penalty to be set at that time. It might range from a rebuke to ouster from the Lutheran ministry.

Pastor Gerberding was questioned five hours yesterday on the nature of his beliefs. He told newsmen that he was prepared to discuss with authorities the manner in which Scriptures might be read.

Like Pastor Crist, he denied that "the Bible must be received in a very exact and precise way," and declared that the Lutheran Church has "no cut and dried manner for receiving the Scriptures."

Dr. Bishop said the trial of Pastor Gerberding probably will be held here about the end of August.

Specifications of the general accusation against Pastor Gerberding may be made public with filing of formal charges before his trial.

Studebaker and Union Reach An Agreement

SOUTH BEND, Ind., (AP)—An agreement has been reached in the seniority dispute which led to the closing of the Studebaker plant here 11 of the past 13 work days. Officials of the CIO United Auto Workers said last night.

Studebaker-Packard Corp. officials were not available for comment.

William Ogden, president of the Studebaker local of the UAW, and Raymond H. Berndt, a regional director, said workers are to be given "bumping" rights on the basis of seniority.

"Bumping" privileges assure a worker with longer service to the firm the right to claim a job held by a person with less seniority in the event of a layoff or job reshuffling.

Pastor, Wife and His Congregation Split

WICHITA, Kan., (AP)—A religious dispute has separated a pastor and his wife and divided their congregation, an attorney for one of the parties reported yesterday.

Half the Gospel Assembly

Church congregation is siding with the Rev. E. L. Mullineaux and the other half is supporting his wife, Atty. Pat Warnick said.

Warnick represents Mrs. Mullineaux's group, which has filed a suit asking partition of church properties, or permission to buy out the faction backing the Rev. Mullineaux's doctrinal beliefs.

Come in today . . . and rocket away in a new Oldsmobile! You'll be pleasantly surprised, we know, when you hear the price we can quote. Yes, there's a "Rocket" for every pocket . . . and there's surely one for yours. Though you'd expect to pay much more for such beauty, you don't have to! And, it's got that distinctive look that is Oldsmobile's alone! It's got the winging power of the mighty "Rocket" Engine, the kind of power that means safety! And best of all, it's got a price tag that unmistakably says: NOW . . . now is the time for you to go over to Olds! We're ready to make a deal that will make you eager to join the record number of 1955 "Rocket" owners. For style appeal, power appeal, price appeal—you just can't beat Oldsmobile! So if you want to go modern at a moderate price, see us and go by "Rocket"! There's no better time than now to get out of the ordinary . . . and into an Olds!
